CRAFTING IS COMING TO THE CASTLE!

Our wreath-making workshop brought out more than 40 creative crafters on November 10th. Master Crafters Denise Rizzuto and Lisa Wilson helped our artistic guests create beautiful fall wreaths.

The evening was such a hit, we will make it a monthly event. Beginning in January, we will host a different craft event each month. Over the coming months we'll learn about beading, jewelry-making, painting, and seasonal home décor. Evening and afternoon sessions will be offered.

IT WAS A BEWITCHING EVENING!

Genealogist and historian Leslie Wickham, a descendant of accused witch Sarah Towne Bridges Cloyce engaged a sold-out audience with tales of witchcraft and what life was like in the Salem, Massachusetts Colony in the 1690s on November 15, 2022. Watch for our 2023 schedule of lectures and author talks.
